About Us

Our love of creating an amazing visual spectacle and being part of something special, drives who we are, and what we do, every day.

At Neg Earth Lights, we are at the top of the game. Voted favourite lighting rental company in the UK for the last 5 out of 7 years. We deliver quality and innovation on time, every time.

We believe that everything is possible. Whatever we do, we do with respect and passion within an exciting and inspiring community where everyone can excel. Using our collective creativity and resourcefulness, we truly believe that we can turn challenges into opportunities. The show must go on!

Come and experience the show from the best seat in the house. Get your hands on the latest and best quality equipment on the market and work with world renowned Lighting Designers. Set your career goals and follow your career development path while being part of a fun, inviting and diverse company culture.

About You & The Role:

Our team is rapidly expanding and an opportunity has arisen for an experienced Maintenance Technician. This role contributes to Neg Earth Light's reputation for excellence by ensuring that the electronic components and power distribution products provided are delivered on time, in the best of working order, and in line with the customers' expectations covering all health & safety requirements.

Are you the "go to person" passionate about Dimmers, Distros, Controls, Transformers and other exciting specialist lighting equipment?

Are you a great communicator and collaborative problem solver? Is building and maintaining strong relationships really important to you, even in challenging times? Are you a resilient self-starter who prioritises like a pro to stay ahead of the game? Can you respond calmly and maintain focus when faced with the challenges of last minute changes?

You will play an essential part in your team and company success story by:

- **Demonstrating strong technical skills**
 - Testing and repairing mains distribution and other technical items, including PAT testing and RCD testing and logging the test data on the Company database.
 - Repairing and maintaining all stock cables.
 - Fault finding and assembly work in relation to electronic components
 - Assisting other team members with power distribution, motor control, cabling, bespoke equipment and special projects.
 - Preparing and maintaining intercom systems.
 - Ensuring that Method Statements for working practices are kept up to date.
 - Preparing and maintaining lighting equipment and Kinesis Motion Control Systems as and when required.

- **Communicating effectively**
 - Maintaining great working relationships with all internal and external stakeholders.
 - Ensuring systems and documentation are accurately maintained
 - Maintaining stock levels through liaison with other internal departments
 - The ability to maintain records and to be able to spot trends in equipment failure.
 - Providing technical support to Neg Earth colleagues, freelance crew and production crew

Your Skills, Qualifications and Experience

We can't live without your:

- In depth practical knowledge and minimum of five years' experience in a similar role.
- City and Guilds Electrical qualification (2365)
- 17th Addition electrical training.(City and Guilds 2382)
- Electronic and electrical technician experience.
- Soldering and wiring skills
- Electrical safety knowledge and appreciation
- Knowledge of 3 phase power and distribution
- Industry knowledge in respect of suppliers and trends.
- Proven experience in fault finding and repairs.
- Autonomy and the ability to work as part of a team.
- Ability to take ownership and accountability.
- Customer focused mentality and exemplary attention to detail.
- Problem solving skills, adaptability and flexibility.
- Great communication skills both verbal and written.
- Your ability to plan ahead, organize and prioritise workload.
- The show must go on so providing a 7 day operation/service is key. Therefore the ability to work paid overtime on occasions, including weekends is essential.

Nice to have, but we'll be happy to offer additional training and support in:

- Intermediate MS Office applications – Outlook, Excel, Word.
- The use of a stock control system
- IPAF
- First Aid at Work
- PAT Testing (City and Guilds 2377)

What's in it for you?

- Working with exceptional people, the latest technologies and being a part of a team making remarkable events happen
- The opportunity to continue to grow and develop whilst working alongside a skilled team in a supportive culture
- We'll take care of your physical and mental wellbeing with our Private Health Insurance and Pension Scheme, our Internal Wellbeing and Mental Health Awareness training scheme and onsite company gym
- Free onsite parking
- As you'll be a star employee, you'll have the opportunity to be considered for an annual bonus.

Does this sound like you? Do you love challenge and are ready for an amazing career in a vibrant industry?
