About You & The Role:

Our team is rapidly expanding and an opportunity has arisen for a Moving Lights Technician. The purpose of this role is to support the team in preparation and maintenance of moving lights fixtures by ensuring that Hire Stock in the Moving Lights department is kept in excellent condition at all times.

Is understanding the technology and operational mechanisms behind moving lights including Martin, Clay Paky, ROBE and Vari*lite your passion?

Are you a great communicator and collaborative problem solver? Is building and maintaining strong relationships really important to you, even in challenging times? Are you a resilient self-starter who prioritises like a pro to stay ahead of the game? Can you respond calmly and maintain focus when faced with the challenges of last minute changes?

You will play an essential part in your team and company success story by:

- **Demonstrating strong technical and operational skills**
 - Maintaining and preparing moving lights equipment for hire, including cleaning, lamp checks, testing, software updates, addressing of units and barcode scanning.
 - Ensuring that all fixtures and associated fixings are prepared to the correct standard
 - Prioritising equipment repairs to agreed standards and within timescales agreed
 - Ensure that all equipment is within the test period and relevant test certificates are applied.
 - Undertaking small repair work on fixtures as and when required.
 - Assisting in the portable appliance testing (PAT) for all Moving Lights and LED fixtures to ensure that they are within their test period, so that the relevant test certificates can be produced as and when required.
- **Communicating effectively**
 - Maintaining great working relationships with all internal and external stakeholders.
 - Ensuring systems and documentation are accurately maintained
 - The ability to maintain records and to be able to spot trends in equipment failure.
 - Providing technical support to Neg Earth colleagues, freelance crew and production crew

Your Skills, Qualifications and Experience

We can't live without your:

- Working knowledge of moving lights and LED products to include Martin, Clay Paky, ROBE and Vari*lite.
- Industry knowledge in respect of suppliers and trends.
- At least basic experience in fault finding and repairs.
- Autonomy and the ability to work as part of a team.
- Ability to take ownership and accountability.
- Customer focused mentality and exemplary attention to detail.
- Problem solving skills, adaptability and flexibility.
- Great communication skills both verbal and written.
- Your ability to plan ahead, organise, prioritise, delegate and oversee workload.
- The show must go on so providing a 7 day operation/service is key. Therefore the ability to work paid overtime on occasions, including weekends is essential.

Nice to have, but we'll be happy to offer additional training and support in:

- Intermediate MS Office applications – Outlook, Excel, Word.
- The use of a stock control system
- Training / certificates in relation to Martin, Clay Paky, ROBE and Vari*lite fixtures.

What's in it for you?

- Working with exceptional people, the latest technologies and being a part of a team making remarkable events happen
- The opportunity to continue to grow and develop whilst working alongside a skilled team in a supportive culture
- You'll be working with the most respected lighting designers on global events using the best known equipment in the market.
- We'll take care of your physical and mental wellbeing with our Private Health Insurance and Pension Scheme, our Internal Wellbeing and Mental Health Awareness training scheme and onsite company gym

- Free onsite parking
- As you'll be a star employee, you'll have the opportunity to be considered for an annual bonus.

Does this sound like you? Do you love challenge and are ready for an amazing career in a vibrant industry?
